## PERSONAL DETAILS

Current Location      Kozhikode  
Date of birth          February 14, 2004  
Gender                  Male

## EDUCATION

Graduation            B.Sc ( Computers )  
University of Calicut, Kozhikode, Kozhikode with Score 6.53%  
Achievements: Top 3 in class  
Class XII              Kerala  
with 83.33% in 2021  
Class X                Kerala  
with 94% in 2019

## INTERSHIPS AND PROJECTS

Internships            **Luminar Technolab** ( Duration April 2024 - July 2024 )  
During my internship at Luminar Technolab, I undertook a comprehensive training course in Python Django full stack development. This program provided me with hands-on experience and in-depth knowledge of various technologies, including Python, HTML, CSS, Bootstrap, MySQL, Django, and React. I worked on real-world projects, which helped me enhance my technical skills and understand the complexities of full stack development. Through this course, I gained valuable insights into both front-end and back-end development, preparing me for future challenges in the field.  
Skills used - Python,HTML,CSS,Bootstrap,Django  
Projects                **AcciCare** ( Duration August 2023 - March 2024 )  
AcciCare is a web and Android application designed to enhance user safety by detecting accidents using gyroscope and accelerometer sensors. Upon detecting an accident, the application promptly reports it to the nearest ambulance service, which then directs the user to the nearest hospital for immediate medical support. This innovative solution ensures timely medical intervention, potentially saving lives by providing rapid and efficient assistance in emergency situations.  
Skills used - Python,Dart,Flutter,Django,HTML,CSS,Bootstrap,Sqlyog

## SKILLS AND ACHIEVEMENTS

Skills                    Python,HTML,CSS,Bootstrap,MySQL,Django Web Framework  
Language                English ( Both ), Malayalam ( Both )
